

Partnership

As part of Catholic Social Services' (CSS) commitment to serve children and families, CSS entered into an agreement with the State of Alaska, Office of Children's Services (OCS). CSS provides home studies for those families seeking to adopt or provide guardianship for a specific child in the custody of OCS.

Home Study

The home study is a report, written for the court, assessing the appropriateness of the permanent placement of a child. The writer will meet with the applicant(s) a minimum of two times in their home. Everyone living in the home will be part of the home study process which will take approximately four months to complete.

The home study is YOUR story, and as such you are encouraged to participate fully. You are entitled to a truthful and accurate finished product that will be presented to OCS for final approval.

What Catholic Social Services provides:

- Home studies for
 - * Infant Adoption
 - * International Adoption
 - * Office of Children's Services' Special Needs Adoption
- Life-long post-placement counseling

*Providing Help
Creating Hope*

Mission

The Pregnancy Support and Adoption Services program of Catholic Social Services supports the tradition of family life and affirms the belief that every child is a creation of God. The program assists the family of origin and the family of adoption to make a confident and loving plan for their own and their child's future. With education and respect, the families grow to an understanding of lifelong commitment and love.

*Children need permanent,
safe and loving homes.*
